REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The applied prior art of record does not teach or suggest a ceramic honeycomb structure having a second outer circumferential wall obtained by firing a layer of a raw material applied to a first circumferential wall of the ceramic honeycomb structure wherein a thermal expansion coefficient of the second outer circumferential wall is larger than a thermal expansion coefficient of the first circumferential wall for applying compressive force in a direction of a diameter of the honeycomb structure to an inside partition wall as recited per instant claim 1. The invention is allowable on this basis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
